

## Saving The US Navy Millions Per Year On Wastewater Pumps

### LOWEST COST OF OWNERSHIP

#### Herborner Centrifugal 5.5 QSH

	2006\$	Qt	Infl	Total 2002\$
Acquisition	\$125,000	25	0.9249	\$2,890,000
Overhaul	\$822,000		0.9308	\$765,000
Corrective Action				\$17,747,000
Preventative Maintenance				\$416,000
<b>Total Ownership Cost</b>				<b>\$21,818,000</b>

#### EDDY Pump CC3000 Sewage Pumps

	2006\$	Qt	Infl	Total 2002\$
Acquisition	\$128,000	25	0.9249	\$2,960,000
Overhaul	\$0		0.9308	\$0
Corrective Action				\$359,000
Preventative Maintenance				\$782,000
<b>Total Ownership Cost</b>				<b>\$4,101,000</b>

4-YEAR COST SAVINGS

\$17,717,000

## WASTEWATER PUMPS

“Not a Centrifugal, Vortex  
or PD Pump, but a pump  
harnessing the Fluid Dynamics  
of an Eddy Current”

**WE PUMP SOLIDS  
NOT WATER**

EDDY Pump Corporation, founded in 1984, is a dredge equipment and pump manufacturer, along with being an engineering company. We are committed to providing the best pump technology and service to fit the needs of our clients.

EDDY Pump technology harnesses the power of a tornado into fluid dynamics, creating a synchronized eddy current. This allows EDDY Pump to handle fluids with high solids, abrasive material and corrosive liquids, at best in class GPM.

We are one of the few companies who manufactures both our pumps and dredging equipment to ensure optimal support. The heart of all our equipment is "Powered by EDDY Pump".

#### Flooded Suction

#### Submersible

Fully Intact 4-in Pump

## WASTEWATER PUMP OPTIONS

#### Subdredge

Remote Operated pond and lagoon cleaning.

#### Self-Prime

Sewage Bypass Pumping. Diesel or Electric.

#### Sump Pump

Submersible for tanks and hoppers.

### ADVANTAGES

#### Features

- Non-Clogging
- High Viscosity
- Low Maintenance
- 3-in Pump Passes 3-in Solid
- Multiple Configurations
- Minimal Downtime
- Flow Ranges 50-7000 GPM

#### Options

- Vertical/ Horizontal
- Electric/ Hydraulic
- Submersible
- Self-Priming
- Automated Controls

#### Materials

- Wastewater
- Sewage
- Sludge
- Slurry
- Grit
- Scum
- Foodwaste
- Rags and Wipes

**More Uptime. Lowest Lifecycle Cost.**
